EDUCATION

VNR Vignana Jyothi Institute of Engineering and Technology

B. Tech in Computer science and engineering-(Data Science) (CGPA: 6.8)

Hyderabad, Telangana, India

Nov 2022 - June 2026

Sri Chaitanya Junior College

Class 12: 65 Percentage

Telangana, India

June 2020 - September 2022

Sri Chaitanya School

Class 10: 10 Percentage

Telangana, India

May 2020

SKILLS SUMMARY

Languages: Python, SQL, HTML, CSS, JavaScript, C, OOPS, DSA, LLMs, ML, XML

Developer Tools: GitHub, Power BI, Microsoft Excel, Canva, ChatGPT, VS Code, Google Collab, Tableau, AWS, Data Base, Data Visualization

Soft Skills: Teamwork, Problem solving, Time Management, Communication, Self learner, Writing Skill, Verbal

ACHIEVEMENTS

- Secured 443 Rank in Telangana EAMCET
- Won 1st prize in Vedic math contest conducted in District level.
- Secured 2nd rank in Pi Quiz conducted in school.
- Won silver medal in science fair conducted in state level Received a certificate for completing a 3D printing workshop

PROJECTS

AI-Driven Medical PDF Analyzer

Python, NLP, LLMs, Machine Learning

- Developed an AI-powered system to analyze and extract insights from medical PDF documents using Large Language Models.
- Implemented document querying, summarization, and keyword-based medical insight extraction
- Integrated ML techniques to support structured data analysis for disease-related information.
- Demonstrates hands-on experience in **AI, Machine Learning, Data Analytics, and Research-oriented problem solving.**

Cyber Security Project – DNS Cache Poisoning Attack Analysis

Python, C, JavaScript

- Designed and implemented a proof-of-concept to study DNS cache poisoning vulnerabilities.
- Analyzed how attackers can redirect legitimate traffic to malicious destinations.
- Highlighted security risks and proposed mitigation strategies for secure DNS resolution.
- Strengthened understanding of **cyber security threats and defensive mechanisms.**

Smart Expense Analytics System

HTML, CSS, JavaScript, XML, Data Visualization

- Built a web-based expense tracking application to monitor personal financial transactions.
- Implemented real-time expense analytics to identify spending patterns and anomalies.
- Created interactive visualizations for categorized spending and cash-flow insights.
- Applied **data analytics and user-centric design thinking** principles.

CERTIFICATIONS

- NPTEL Certification on Internet of Things
- Infosys spring board Certification in Generative AI
- Coursera Certification in Python & Data Structures.
- Received a certificate for completing a 3D printing workshop with practical experience

EXTRACURRICULAR ACTIVITIES

- Active member of STUDENT FORCE CLUB and organized – Blanket Donation, Book Donation, POP, MARDH etc.
- Coordinator of **Student Force Club**, Hyderabad, leading student engagement and club activities.
- I am a member of the **Student Force NGO**, Hyderabad.
